Note 1: Units taught is the number of the students enrolled in a course multiplied by the unit value of the course. For example, 3 unit course has 3,000 students enrolled, the units taught is 3000x3=9000.

Note 2: Faculties listed at top of the table refer to the Faculties/Programs that the students are registered in. Faculties/Subjects listed on the left of the table refer to Faculties/Subjects that offer the courses.

Note 3: Student Units Taught are not adjusted for cross teaching (i.e., a course offered through Faculty A may be taught by an instructor from Faculty B).

Note 4: Divinity is excluded.

Note 5: French 1206 and 2206 are included under Centre for Continuing Education (CCE) starting in 2012/13.

Note 6: Kinesiology was moved from Social Sciences to Science effective January 2009.

Note 7: Summer Session Student Units Taught include Spring/Summer as reported to MTCU on each count date.

Note 1: Units taught is the number of the students enrolled in a course multiplied by the unit value of the course. For example, 3 unit course has 3,000 students enrolled, the units taught is 3000x3=9000.

Note 2: Faculties listed at top of the table refer to the Faculties/Programs that the students are registered in. Faculties/Subjects listed on the left of the table refer to Faculties/Subjects that offer the courses.

Note 3: Student Units Taught are not adjusted for cross teaching (i.e., a course offered through Faculty A may be taught by an instructor from Faculty B).

Note 4: Divinity is excluded.

Note 5: French 1206 and 2206 are included under Centre for Continuing Education (CCE) starting in 2012/13.

Note 6: Kinesiology was moved from Social Sciences to Science effective January 2009.

Note 7: Summer Session Student Units Taught include Spring/Summer as reported to MTCU on each count date.
